ÉIRINN GO BRÁCH! IRELAND FOREVER!

After a two year absence due to the pandemic, Montreal's St. Patrick's Parade was back this past Sunday. It was a scaled-down version with some 500 marchers instead of the usual 4000 and no floats. It was all organized in just three weeks after permission was received, but the enthusiasm was as high as ever. All the churches and Irish organizations were represented with the Erin Sports Association which is nearing its centenary, some of whose members are pictured above, sending one of the largest contingents of some three dozen. The Uilleann Pipers were there as well as the pipers from the Black Watch. The Parade is North America's oldest having started in 1824. The United Irish Societies have hosted it since 1929. ~ Beryl Wajzman, Editor

"This marked the first trip by a CAQ cabinet minister to Israel," he told *The Suburban* in an interview. "One of my main goals upon arrival here was to strengthen trade and business relations with Quebec. Based on the success of this mission, we are off to a fabulous start."

years. I cannot leave my career; I cannot finish without speaking up now."

McMahon directly referred to the amendment to the French language law that requires students in English CEGEPs to take three core courses in French to graduate, which was accepted even by Liberal MNAs on the analyzing

committee, Helene David, and David Birnbaum.

"Many of those students, while their French is sufficient to graduate from high school and would be sufficient to work and live in Quebec, studying a content
